

Disaster Reduction & Rebuilding Begins with Multicultural Harmony!

Tour of the Disaster Reduction and Human Renovation Institute (DRI) - Kobe

Attention International Students Staying in Kobe!

Regularly aired at DRI is a super-realistic video show of the Great Hanshin-Awaji Earthquake (GHAE) of Jan. 17, 1995, in addition to a whole collection of photos and items evidencing the GHAE, explanatory videos and simulations, and 15,000 pieces of disaster management/mitigation-related information. In the way of offering you a good opportunity to think about disaster management, mitigation and reconstruction, we at Mitsui Volunteer Network have arranged for a tour of DRI this time as follows;

In order to prevent the spread of new coronavirus infections, the number of people will be reduced to five, and the use of a wireless guide system will prevent splashes. In addition, we will ask your cooperation in the temperature inspection and disinfection at the time of reception. We look forward to your participation.

Mitsui V-Net members consist mostly of men and women retired from various companies of the Mitsui Group, one of Japan's leading industrial and business groups. Through Mitsui V-Net's International Students Interchange Program, the widely experienced volunteers are delighted to serve as "a caring listener", addressing your concerns and questions as well as providing advice, among other things, in connection with your international student life in Japan.
